

Mi Glass User Manual

Before Using:

1. Mi Glass MiV1 can be used with Mi 5 , 5S ,5S Plus ,Mi note2 or officially announced compatible device models.
2. When use with Mi 5, 5S ,5S Plus ,Mi note2 it need MIUI support, please upgrade MIUI to requested version.
3. Only for children above the age of 13.
4. Please read Health and safety reminding carefully before using, for safety and accuracy considerations, the content of this user manual will be kept up to date, visit miglass.mi.com/user manual to view the latest version

Health and safety:

1. Use Only In A Safe Environment. The Mi Glass produces an immersive virtual reality experience that distracts you from and completely blocks your view of your actual surroundings. Please pay special attention to avoid falling, collision and other dangers. The Mi Glass equipped with a “pass-through” feature which permits you to temporarily see your surroundings for brief real world interaction. You should always remove the Mi Glass for any situation that requires attention or coordination like walking, riding a bicycle and driving.
2. When using Mi Glass, make sure it is comfortably fixed on the head horizontally to ensure clarity of the image seen.
3. The human-being body will gradually adapt to VR, similar to motion sickness adaptation. Do not use Mi glass when in fatigue, drinking, drug use, indigestion, mental anxiety, cold headache since it will increase the body's sensitivity to adverse symptoms.
4. Do not use Mi Glass in turbulent compartment, vessel since it will increase the body's sensitivity to adverse symptoms.
5. Take at least a 10 to 15 minutes break every 30 minutes. Each person is different, so take more frequent and longer breaks if you feel discomfort.
6. Stop using the device if you feel the heat, the system software will also be monitored to prompt the notification when temperature is too high.
7. Listening to sound at high volumes can cause irreparable damage to your hearing. Background noise, as well as continued exposure to high volume levels, can make sounds seem quieter than they actually are. Due to the immersive nature of the virtual reality experience, do not use the Gear VR with the sound at a high volume so that you can maintain awareness of your surroundings and reduce the risk of hearing damage.
8. Please stop using Mi Glass immediately when experience any of the following symptoms: fainting, loss of consciousness, glasses fatigue, muscle twitching, involuntary movements, blurred vision, distortion, ghosting or other

abnormal vision, dizziness, disorientation, balance damage, impaired sense of hand-eye coordination, excessive sweating, excessive salivation, nausea, drowsiness, fatigue or any similar symptoms of motion sickness.

9. Do not drive, operate machinery, or engage in other visually or physically demanding activities that have potentially serious consequences (i.e., activities in which experiencing any symptoms could lead to death, personal injury, or damage to property), or other activities that require unimpaired balance and hand-eye coordination (such as playing sports or riding a bicycle, etc.) until you have fully recovered from any symptoms.

Package Contents

Mi Glass, remote control, user manual, AAA batteries x2
